Food Baskets, Clothing,
Toys Going to 2500
Persons in 450 Families

The "Spirit of Christmas" truly pervades the Quad-Cities today as generous contributions by local business firms, employee groups, unions, clubs and individuals resulted in toppling the \$6000 goal of the Salvation Army's "Tree of Lights" campaign. The funds are being used to provide Christmas food baskets, clothing and toys for 2500 persons in 450 families.

Harry R. Johnson, 1965 drive chairman, announced today a total slightly over \$6000 has been raised, with additional gifts still to be tabulated. The amount turned out all 240 bulbs of the "Tree of Lights" in Memorial Park.

Early today volunteers began filling the food baskets for the Salvation Army's special packing agency, 1950 State street. Simultaneously, youngsters were taken to visit Santa's toy shop in the Salvation Army headquarters, 1425 Nineteenth street, to select his of his own toy.

HANDMADE WREATH prepared by a group of youngsters is placed on a door in the 2100 block of Delmar avenue, where nearly every home was decorated by the children. Yule Home Lighting Contest Winners in Area Announced

Ingenuity, coupled with a dazzling display of colorful Yuletide scenes greeted judges of three area "Christmas Home Lighting" contests, who inspected outdoor decorations in their respective areas.

Contests this year were conducted by the Madison Rotary Club, Granite City Jaycees and the Eagle Park Acres Improvement Association, and the Grand Chain of Illinois Power Co.

Grand winners in the Granite City outdoor lighting contest are John Petish, 3257 Carlson avenue, who received top award for the most outstanding original display; and Robert Spanberg, 3337 Franklin avenue, Ward Eight.

For further aid the project, Mrs. Robert Miller, 2163 Delmar avenue, conducted a benefit sale.

Contestants were asked to attach a ribbon to their wreaths if they would display the wreaths on their doors or in their windows. Mrs. Miller said the response was almost 100 percent and there was no difficulty in having the wreaths on neighborhood houses.

The four Miller youngsters, Sharon, 15; David, 14; Jimmy, 12, and Sheila, 9, and John Calaway, 12, displayed Sunday night and the wreaths of Monday.

To make the wreaths, the youngsters cut 20-inch circles from corrugated cardboard obtained from old boxes. Newspapers were crumpled and tied around the wreaths to give the effect of a wreath.

Mrs. Violet Miller, an interior decorator, furnished the paint for the wreaths and with the use of a paint sprayer, painted the wreaths in the yard and sprayed a Christmas green for color and to give the wreaths moisture-proof. A red oilcloth bow on each wreath completed the job.

Donald Cooper served as chairman for the Granite City Jaycees lighting event, with a panel of judges composed of advanced students from Granite City high school, under the direction of Eugene Alassi, art director.

EFFORT TO SETTLE STARCH CO. STRIKE NOW AT STANDBI

Efforts to settle the six-month-old strike at Union Starch & Refining Co. were at a standstill today. No meetings have been scheduled and both company and union officials said they have presented no further proposals for negotiation of deadlocked issues.

Thomas Austin, president of the striking Oil, Chemical and Atomic Workers Union, Local 7-663, said he has "heard nothing" since the union's December 15 strike was called off by the company. Austin said he had no further proposals and had nothing new under consideration at that time.

SANTA VISITS EASTER SEAL CLINIC IN VENICE

Santa Claus visited a group of young patients at the Easter Seal Clinic in Venice.

But this visit was completely different from similar ones with children during the holiday season.

These children were receiving speech therapy at the Madison County Easter Seal Society's speech clinic in Venice.

One of the hardest tasks the "jolly old man" had to perform the day before Christmas was the headquarters in Venice.

Benvolent and understanding by nature, Santa was on the receiving end of the joy and happiness when these children, hampered by birth defects, asked him to bring their favorite doll or toy.

Special guests at the party featured last summer's campers and those who are on the waiting list for next summer in this area. Mrs. Jean Fischer, a parent of one of the children, was in charge of the arrangements for the party.

The children were presented a gift from the girls of Monticello College in Godfrey, and they climaxed the day's programs by singing "Christmas Carols" and saying in unison "Merry Christmas."

Edward Martin, 907 Washington avenue, Madison, has been admitted to the Madison County Sanatorium for treatment. He was employed by General Steel Industries until his retirement.

"Gateway to Careers'
Day Set for Tuesday

The "Gateway to Careers" program for college students home for the holidays will be held from 9 a.m. to 5 p.m. Tuesday in the exhibit hall of the Chase-Park Plaza hotel.

About 50 major companies, including Granite City Steel Co. and General Steel Industries, will participate in the program being sponsored by the Industrial Relations Club of St. Louis.

Booths will be arranged by each company, and students will have the opportunity to meet representatives of the companies, explore career opportunities and on-career planning.

A proclamation designating Tuesday as "Gateway to Careers Day" was signed Monday by Mayor Partney. Participating in the ceremony were Donald J. Backer, superintendent of personnel, Granite City Steel Co.; Dee Mama Pashoff, a senior at Southern Illinois University; and Dee Mama Pashoff, an SIU-SW campus senior.

Record Winter Quarter Enrollment Set at EU

Eastern Illinois University's winter quarter enrollment is a record-breaking 5005 students, it was announced yesterday by Dr. Maurice Manbeck, assistant superintendent of personnel, Granite City Steel Co.

This is an increase of 9.2 per cent, or 423 students, over the previous high winter quarter enrollment of 4582 students in 1964. The enrollment increase, researchers say, was a major factor in a 230-student decline from the fall quarter enrollment of 5335. A total of 258 students were dropped for failing to meet retention standards.

Urge Elimination Of Assessment Gaps in Counties

State legislation requiring downstate Illinois counties to elect or appoint a supervisor of assessment was urged at a recent Tax Commission hearing in Springfield in which the commission heard evidence of extensive gaps in assessment ratios.

Gene Berghoff of the Wood River supervisor of the property tax division of the Illinois Department of Revenue, testified as to assessment ratio variations and recommended a study of full value assessments and tax rate limitations.

Berghoff declared that "it is common knowledge that many properties are under-assessed. Many under-assessed properties, all, millions of dollars worth of real estate and personal property are eliminated from the assessment rolls entirely."

He said that the property now on the rolls in downstate counties is assessed at ratios varying from less than five percent of full cash value to well over 100% of full value.

Berghoff and Albert Lauer, former chairman of the department's property tax council, blamed the situation upon the lack of adequately paid, uniformly instructed staff assessors at county and township levels.

"If all property were assessed," Berghoff said, "the revenue for local government would be more than adequate," and would be more than adequate for well-staffed and up-to-date assessment procedures. As an example, he pointed out, an aerial mapping on one township revealed six farms and 10 residences that had escaped listing on property assessment rolls.

Funds Available for Rural Home Owners

Residents of rural areas in Madison county, including those of rural towns up to 5500 population, may now borrow funds for improved housing under the improved housing under the Housing and Urban Development Act of 1965, according to Harold F. Kiepe, county supervisor of the Belleville office of F. A. M. E. R. Home Administration. Kiepe said 32 rural Illinois families took part in the program during its first month of operation, obtaining loans totaling \$310,000.

The act is intended to improve housing conditions in rural areas and villages where it is estimated that the standard of all housing is substandard. My amendment of previous statutes, the new act extends eligible areas to include towns up to 5500 population. Local lenders also are now able to share in the improvement program through an insured loan provision.

A rural resident may now borrow money to build a previously occupied house or to buy a minimum adequate site on which to build his home, as well as to construct, repair or improve farm service buildings. Applications for rural credit in Madison county may be made to the Farmers Home Administration office located at 415 East Main street in Belleville. Kiepe also has an office at the Agricultural Stabilization and Conservation office in Edwardsville on the first and third Tuesdays of each month from 10 a.m. until noon.

Bridgeman Takes Part In Education Survey

W. J. Bridgeman of Atlanta, Ga., formerly of Granite City, was among a team of Education Department workers that has recommended community-wide changes in rural areas of the south to deal with educational problems they found to be a legacy of segregation and cultural deprivation.

On the team were Drs. Donald Ross, Green, A. Jordan, Bridgeman and Clay V. Brittain. Bridgeman was on the staff of the local YMCA and on the faculty at Emerson school.

The 40-page report is based on a survey of rural school systems in the south. It contains a list and a key recommendation in the culturally deprived children in the fourth, fifth and sixth grades should be boarded, with the permission of parents, for three months out of the school year in residential units established at each elementary school.

Supervision of the residences would be by adults and high school students.

Balloonists Relate Perils And Problems over Area

The perils and problems of balloonists came to light in the motion picture "The Great Race," and Lazier is somewhat excited about it.

"I've flown over 400 hours in airplanes, but this balloon-flying is different, it represents the unknown." He continued to say that air currents always pose problems for the balloonists.

Standing a massive 85 feet tall with a 50 foot diameter, the balloon weighs over 70 pounds with passenger compartment.

Mayor Cancels Open House Sessions at City Hall

The public open house sessions at the city hall on the second Monday of each month were canceled by Mayor Partney, who moved the city council meeting during this week's city council meeting.

Mayor Partney said only one meeting at which nearly a dozen city officials and officers were present and stood by for over an hour.

"It looks like no one has any more complaints, so we'll cancel them out until the sessions are needed again," Partney said.

The sessions originally were called "beef" or "gripe" sessions

but later changed to "open house at the city hall."

Partney initiated the program to permit citizens of Granite City to talk to him personally and then have any problems solved through the assistance of city officials and officers who were present and stood by for over an hour.

Partney said the open house greatly reduced the number of telephone complaints he received at home and at his office.

"The sessions have served their purpose," he told the council members.

\$51,607 Sales Tax, MFT Income for GC

Two notices from state departments advising the city of \$51,607 a day difference were received Monday night by Granite City council members who reported the city sales tax and motor fuel tax reports to Comptroller John Dooley.

The city is to receive \$9,567 from the state's department of revenue, representing half-cent city sales tax collected in the city during September.

Credited to the city's motor fuel tax for street purposes is \$22,320. The amount was collected by the state during November.

Mr. Dooley said the title

binders had been ordered in 1961 and someone had made an error in getting 33 too many.

Alderman Robertson called for a special meeting to determine if the council had approved such an expenditure. Payment of the \$22,320 was held up pending the study.

SIU-SW Highway Job Still in Right-of-Way Stage

Appraisals for the purchase of right-of-way necessary for construction of the four-lane highway to replace the present 18-foot Bohm road approaching the Southern Illinois University-Southwestern Campus are now being reviewed by the Illinois Division of Highways. Purchase of right-of-way should be under way by January, 1967, according to Edward Ailes, district engineer of design of Illinois Highway Department at French Village.

Ailes said actual construction on the highway and other phases of road work in the area will not start until next summer because it probably will take four to five months to buy the needed right-of-way.

The new roadway will be a four-lane divided highway stretching from Route 143 and Bohm road to the north boundary of the university campus.

He pointed out that the crossing of Bohm road and the railroad alongside Route 143 was

blocked in September by order of the Illinois Commerce Commission after the Norfolk and Western Railroad petitioned the ICC to close the road so it would not be used for crossings.

According to Ailes the highway division has scheduled a b o u t \$2,600,000 for improvements on Bohm road and for construction of a g r a d e s e p a r a t i o n a t Route 143 and Bohm.

The 1965 section of the program called for expenditure of about \$800,000 for three bridges along the stretch of Bohm road leading to the university. Another is to be located at Edwardsville.

The road is to cost about \$200,000. Grading and paving the four lanes will cost about \$600,000.

The interchange at Route 143 is estimated to cost about \$1,000,000 and is to be located at Cahokia Creek, the Norfolk & Western railroad overhead.

The Terminal Railroad grade separation and at Old Edwardsville.

Under the program, Bohm road probably would be closed to the university for another year and a half, or possibly two years. By then the first phase, grading, paving and construction of the bridge should be complete, Ailes said.

'Y' Children's Party Set Friday Morning

Members of the YMCA youth department and their mothers were at the YMCA this week preparing for the Christmas party to be held for grade school children at 10 a.m. Friday at the "Y."

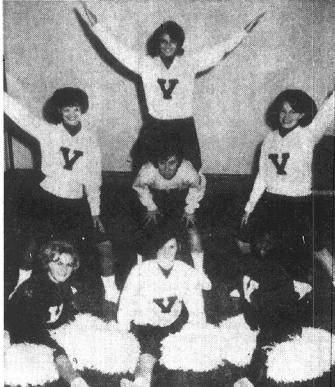

They made handicraft decorations for a Christmas tree. Features at the party will be games, treats, a movie and a special treat. No cost here is no charge for participation and the party will end at noon.

Dave Walker, youth director, announced that all regularly scheduled classes and activities for members of the youth department will continue through the holiday period except on Dec. 24, 25 and 31 and Jan. 1.

An effort will be made to make up the class sessions for children with classes the day after Christmas.

Walker also announced that the Quad-City YMCA basketball program for youths will meet next on Jan. 8 at the Granite City, Madison and Mitchell centers.

Man Charged with Assaulting Woman

Madison county sheriff's officers returned a Granite City man from Searcy, Ark., Monday to face charges.

Named in a state warrant charging him with assaulting a Granite City housewife is William Joe Vaught, 34, of 2810 Roosevelt Ave.

He was released on \$10,000 property bond Tuesday pending a preliminary hearing at 11 a.m. Jan. 3 before Magistrate Joseph Kelleher at Edwardsville.

The woman claims that she was abducted at knifepoint from her home in West Granite last Thursday and taken into the rural area where she was assaulted twice.

She said that she was asleep and her children were asleep in other rooms when a man, who is an acquaintance of her husband's, appeared at the door and said he wanted to wait there for her husband.

She told him no, but a short time later he returned, and when she opened the door, he accosted her with a knife which he held at her throat. She said she gathered in nightclothes and a robe, but was forced to accompany him in a truck.

She said that Vaught drove to the vicinity of the levee about 10 miles from town, took her to a Mitchell area where she was attacked again and set free. She estimated she was held in custody about three hours. Authorities later learned that Vaught had gone to Arkansas. He was arrested in White County and held for local authorities.

Technology Building Dedication Set at SIU

Plans are under way for a week-long series of events next spring to dedicate the Southern Illinois University's new multi-structure School of Technology building complex at Carbondale.

Julian H. Lachner, SIU tech-

the dedication will bring several outstanding speakers to campus during the week. A series of programs related to various technological fields also is planned, with dedication events to begin

The technology complex, contracted at basic construction costs of \$4,334,995, will provide quarters for SIU's programs in aeronautical, engineering sciences and engineering technology, as well as those in technological education.

Cut-Off Deadline Jan. 1 For Vets, 55, with TDIP

A cut-off deadline faces all veterans over 55 years old who wish to obtain or exchange a Total Disability Income Provision rider (TDIP) on their GI insurance policies.

They must act before Jan. 1, 1966. John B. Naser, Manager of the Veterans Administration Regional Office in Chicago, said to do so.

The total Disability Income Provision provides payment of \$10 per month for each \$1,000 of National Service Life Insurance available. The policyholder may be as old as 65 when disability may occur to a veteran.

Car Battery Stolen

A battery valued at \$10 was stolen from an auto owned by Garland Richardson, 2308 Pine street, it was reported this week to the county sheriff's office.

Zone Board To Prosecute More Chouteau Violations

Assessment by an Edwardsville magistrate's court of a \$500 fine in a case filed by the Madison County Zoning and Building department against a Chouteau township resident for keep junk autos in his yard has established a precedent under which the zoning board expects to file several additional cases in the near future, it was learned today from John Clifford, director of the zoning and building department.

Clifford said the case involved one of the 189 complaints filed with his department last spring by Joseph Troeckler, supervisor of zoning and building for Troeckler and Chouteau township officials, accompanied by zoning officials, made an inspection tour of the Chouteau area in a search for violations of zoning and building regulations.

As a result of that tour, which Troeckler said revealed a large number of violations in open dumping, junk autos in residential yards and similar health hazards, the zoning supervisor and the Chouteau township board compiled a long list of alleged violations and asked that the zoning and building department take action against the violators.

Clifford said the case in which the \$500 fine was levied was filed against Richard Schlegel, South Roxana, who pleaded guilty to the violation last week after first entering a plea not guilty a nearly a month ago. Clifford said a portion of the fine was stayed when the court gave Schlegel 30 days in which to clean up the property and remove the junk auto. Clifford said there were from six to eight old cars, and sometimes eight to ten old cars, on the Schlegel property.

"This is just one of many cases in which we are preparing the data for filing of additional cases," Clifford said. "Unless the area is cleaned up soon,

we are going to file a large number of cases."

Since last spring, Clifford added, his department has been making inspection tours to check the allegations made by Chouteau township officials. In each case it is necessary to give the respondent an opportunity to remove the objectionable violations. A court order will be filed only after the resident refuses to correct the violations.

June Primary, Redistricting Changes Voting Picture

Quad-City voters will be confronted in 1968 with a changed pattern of voting procedure, not only in primary election dates, but also in state representative and state senatorial balloting brought about by state-wide redistricting.

Under new state legislation the primary next year will be held on the second Tuesday of June instead of the first Tuesday of April. This places the primary election in the middle of June.

Changing of the primary date means that all previous compliance dates, beginning with the first date on which servicemen may vote in their home state, must be changed. The first filing date for candidates previously was early in January. In 1968 the first filing date will be March 21.

There will be an off-year election, with only two state and four county offices open to election, a hectic party fight apparently to be shaping up for the election of a United States Senator from the state. Undoubtedly both major party candidates regardless of local or district complications.

Douglas To Run

As usual, incumbent U.S. Senator Paul Douglas is certain to head the Democratic ticket, with Charles Percy leading GOP candidates. The question is, given against Otto Kerner in 1964, already in the race as the Illinois Republican Party choice as Douglas' opponent, Percy announced his candidacy for the senator post only a few days ago.

Only two state posts are open to election in 1968—those of state superintendent of public instruction and state treasurer.

Robert Rausch, incumbent superintendent of public instruction has not yet announced his candidacy for renomination, but is certain to do so. Under Illinois law he must make his inspection tour to check the allegations made by Chouteau township officials. In each case it is necessary to give the respondent an opportunity to remove the objectionable violations. A court order will be filed only after the resident refuses to correct the violations.

Thus far the Democrats have given no indication as to their choice of candidates for the state offices.

Voters will select three state representatives and a senator. Under recent House and Senate redistricting, all stateatives and state senators are to be elected in every district in 1968, the courts have held that the redistricting activity constituted a series of new districts, all of which must be elected separately. Representatives are re-elected every two years.

Representatives whose terms expire next year include Lloyd "Curly" Harris of Granite City, and Leland J. Kennedy and Dan O'Neil of Alton, all Democrats. Robert Smith, Alton Republican, was elected to an off-year election, with only two state and four county offices open to election, a hectic party fight apparently to be shaping up for the election of a United States Senator from the state. Undoubtedly both major party candidates regardless of local or district complications.

The representatives to be chosen will be from the 55th representative district which includes Granite City, Alton, Nauvoo, Pinckneyville, Alton, Godfrey, Wood River, Edwardsville, Jarvis and Pin Oak townships.

Congressman Melvin Price, Democrat of East St. Louis, will be a candidate for re-election in the 3rd senatorial district which includes Granite City, Alton, Nauvoo, Pinckneyville, Alton, Godfrey, Wood River, Edwardsville, Jarvis and Pin Oak townships.

State Sen. Paul Simon of Troy is certain to be a candidate for re-election on the Democratic ticket in the 53rd Senatorial district which includes Granite City, Alton, Nauvoo, Pinckneyville, Alton, Godfrey, Wood River, Edwardsville, Jarvis and Pin Oak townships.

The new schedule of primary election dates fixed March 8 as the first day that absentee electors

will be eligible to apply for an absentee ballot. Last day to apply for an absentee ballot will be June 9, while June 11 will be the deadline for applying in person for an absentee ballot.

Neither George Musso, independent candidate for treasurer, nor Barney Fraundorf, sheriff, nor himself succeed in office. Democratic party leaders frequently reverse the candidates of these offices, but it is a bit early to determine whether Musso will be the party nod for sheriff and whether Fraundorf plans to run for treasurer. Miss Eulalia Holtz, a certain candidate for re-election, while Dr. W. W. Billings, Alton, may corner, also is certain to seek nomination on the Democratic ballot.

The new schedule of primary election dates fixed March 8 as the first day that absentee electors will be eligible to apply for an absentee ballot. Last day to apply for an absentee ballot will be June 9, while June 11 will be the deadline for applying in person for an absentee ballot.

Last Minute Holiday Safety Tips by Local Firefighters

Taking their cues from the National Board of Fire Underwriters, local fire chiefs are relaying holiday fire prevention tips to avoid a serious fire.

For adults planning to be away at parties, firemen suggest the hiring of a competent babysitter. The sitter should be a member of the fire and police departments, the family doctor, a neighbor and also where the parents can be reached.

The sitter should be shown two alternatives of escape from a house in case it is on fire or is blocked by fire. It is suggested she be told first to get the children out of the house and then call the fire department.
